

innovative medical solutions competition

The Ronald Thrope and Michael Hollander Biomedical Innovation Prize

Sponsored by **NDI Medical**

Additional support from the **The Medtronic Foundation**

Promoting translation of the most innovative medical technologies for solving healthcare problems from academic to clinical success.

Completely fill in the form. If the entry is for a single individual, the entrant must be a student in the School of Engineering. For single entrant, fill in information for "Contact Person" and enter "n/a" in the space for the Team members. Return this form and your entry materials to Dustin Tyler (dustin.tyler@case.edu or Widkenden 111) by Monday, 2/12/07 at 5pm). See the website, <http://bme.case.edu/tyler/design/competitions.html> for further information.
